

Scapa 3160PA

3160PA Waterproof Cloth Tape - Glazing

DESCRIPTION

Scapa 3160PA is a standard grade waterproof cloth tape, coated with a pressure sensitive natural rubber resin adhesive. The product has been designed for use in the glazing market and is suitable for a range of general purpose applications.

APPLICATIONS

- Designed for use in double glazed unit sealing
- Used for general purpose sealing, bundling, short term masking and protection

PRODUCT BENEFITS

- Easy unwind by hand
- Good water resistance
- Good adhesion and ultimate bond strength
- Easy tear by hand
- Flexible and conformable

TECHNICAL PROPERTIES

Technical Property	Nominal Value	Unit	Test Method
Thickness	0.15	mm	AFERA 5006
Adhesion to Steel	4.5	N/cm	IEC 454-2
Adhesion to Backing	2.5	N/cm	IEC 454-2
Tensile Strength	35	N/cm	IEC 454-2
Service Temperature Range	0-70	°C to °C	-

STANDARD PRESENTATIONS

- Branding: Available on plain or Scapa core
- Roll Length: 50m
- Roll Width: 44 and 50mm. Others sizes on request subject to volume and availability

RECOMMENDATIONS

The rolls should be stored flat on their cut edges in their original packaging, until required for use. It is necessary to protect the product from dust, heat, moisture, direct sunshine and solvent fumes and stored in a moderate climatic conditions. Shelf life will vary with conditions of use but should be not less than two years from date of manufacture.
