

tesa® 51007

PET cloth tape for abrasion protection of automotive harnesses

tesa® 51007 is a PET cloth tape with a rubber-based adhesive providing reliable abrasion protection of automotive harnesses. The unwind force is adapted for automatic bundling and allows high processing speeds.

The high adhesion and good flag resistance ensure secure harness bundling. The temperature resistance depends on the insulation material.

Main features:

- Resistant to abrasion
- High initial tack and adhesion
- Optimized for automatic wrapping
- Flag-resistant
- Can withstand environmental influences
- Constant unwind force – optimized for automatic application
- Aging-resistant
- Flame-retardant
- Flexible and smooth

Color: Black

Main Application

tesa® 51007 has been specially designed for bundling and wire protection against abrasion. The main application field is the engine compartment of a car, with demanding temperature-related and environmental conditions.

Technical Data

▪ Backing material	PET cloth	▪ Temperature resistance (3000h)	150 °C
▪ Total thickness	320 µm	▪ Abrasion resistance (10mm mandrel)	Class C (acc. to LV312)
▪ Type of adhesive	rubber based	▪ Abrasion resistance (5mm mandrel)	Class B (acc. to LV312)
▪ Adhesion to steel	4.5 N/cm	▪ Flame resistance as composite	Class B (acc. to LV312)
▪ Elongation at break	22 %	▪ Unwind force (roll width ≤ 9mm)	6 N/roll (30 m/min)
▪ Tensile strength	175 N/cm	▪ Unwind force (roll width > 9mm)	6 N/roll (30 m/min)
▪ Temperature resistance min.	-40 °C	▪ Noise damping (decibel)	Class A (acc. to LV312)

They shall be considered as average values and are not appropriate for a specification. Therefore tesa SE can make no warranties, expressed or implied, including, but not limited to any implied warranty of merchantability or fitness for a particular purpose. The user is responsible for determining whether the tesa® product is fit for a particular purpose and suitable for the user's method of application. If you are in any doubt, our technical support staff will be glad to support you.

tesa® 51007

PET cloth tape for abrasion protection of automotive harnesses

Additional Information

Standard widths: 9, 19, 25, 32 mm

Standard lengths: 50 m

- Most combinations of width and length are possible
- Further dimensions are available upon request
- Standard core diameter: 76 mm
- Applicable for red ring assembly aid

*On ETFE wires. Other insulation materials to be tested.
